# FAMILY DEVOTIONAL

## WHAT YOU NEED

- a magnet
- a nail
- paper clips

## EXPERIMENT TOGETHER

Try to pick up the paper clips by touching them with the nail. It won't work. Now hold the magnet to the head of the nail and touch the point to the paper clips. What happened? What changed?

## TALK ABOUT IT

Just like the magnet gave the nail the ability to pick up the paper clips, God gives us the ability and the strength to say no to doing wrong things. The magnet became a tool to help the nail pick up the paper clips and God has given you a tool to help you say no to temptation.

What other tools has God given you to help keep you away from sin?
