FAMILY DEVOTIONAL

**WHAT
YOU
NEED**

- Sheet of Paper
- a book
- tape

WHAT TO DO

How can one piece of paper hold up an entire book? Try this experiment to find out:

Take one piece of regular paper. Roll it up to look like a tube. Then use a piece of tape to hold the roll in place. Set it on a flat surface so that it stands up tall. Then carefully place the book on top of it.

WHAT TO DO

The paper did something you might have thought was impossible at first. But there was a way to make it work! Remember that with God all things are possible when things look impossible... or when we don't know what to do. God will always have better plan!

CAMP SUPERHERO REGISTRATION
